Birthday Bag Questions

What exactly are birthday bags?

They are a bag with the birthday basics that help every kid have a chance to celebrate their birthday.

What do the bags look like?

Most groups choose to pack the items into a gift bag so its like getting a present.

What goes into a birthday bag?

The basic items CCEFS includes are cake mix, frosting, and decorations/candy. You could also include small toys or other fun items for kids of all genders aged 0-17 years.

How many birthday bags does my group have to make?

To sponsor a full month of birthdays, we encourage you to build 30-40 bags. But we welcome any amount of bags. Each birthday bag means that a child can celebrate their birthday.
